

Jongunjoen Matkailu

Accommodation and experiences in the midst of nature
North Karelia, Finland

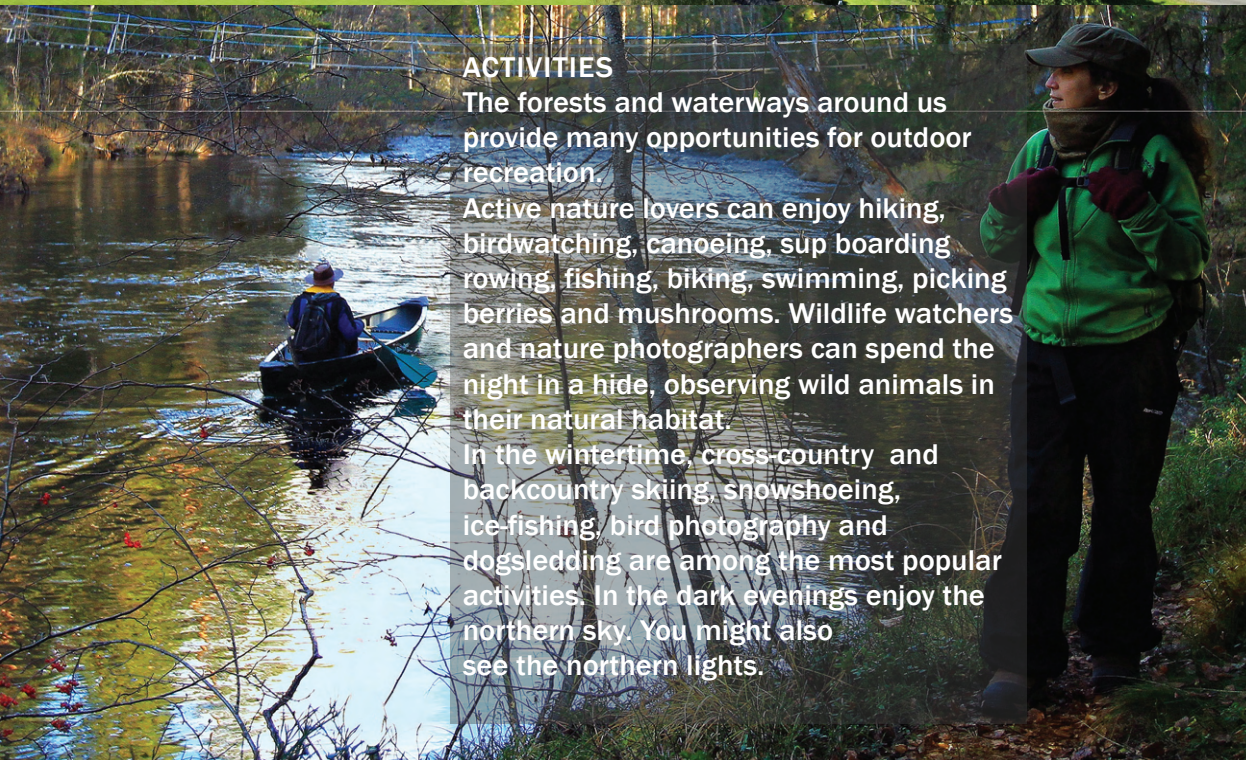

ACTIVITIES

The forests and waterways around us provide many opportunities for outdoor recreation.

Active nature lovers can enjoy hiking, birdwatching, canoeing, sup boarding, rowing, fishing, biking, swimming, picking berries and mushrooms. Wildlife watchers and nature photographers can spend the night in a hide, observing wild animals in their natural habitat.

In the wintertime, cross-country and backcountry skiing, snowshoeing, ice-fishing, bird photography and dogsledding are among the most popular activities. In the dark evenings enjoy the northern sky. You might also see the northern lights.

ACCOMMODATION & HOSPITALITY

Jongunjoen Matkailu is surrounded by beautiful landscapes of forests, lakes, and rivers, filled with wildlife and traditions. We are located in a small village within the border to the largest forest area of Europe. Jongunjoen matkailu offers comfortable accommodation in wooden buildings, excursions, outdoors and wellness activities. We offer transportation and equipment rental services. We serve breakfast, lunch, evening snacks and dinner in our restaurant for our overnight guests, prepared with care and quality, with local and seasonal ingredients.
